

Data Retention Policy

Tandridge Learning Trust is accountable for securely maintaining and retaining data records. For some schools in the Trust an external archive company may be used to maintain and retain data. When doing this, the Trust will take account of the following factors: -

- The most efficient and effective way of storing records and information.
- The confidential nature of the records and information stored.
- The security of the record systems used.
- Privacy and disclosure of data.
- Their accessibility to retrieve data.

This policy does not form part of any employee's contract of employment and is not intended to have contractual effect. It does, however, reflect the Trust's current practice, the requirements of current legislation and best practice and guidance. It may be amended by the Trust from time to time and any changes will be notified to employees within one month of the date on which the change is intended to take effect. The Trust may also vary any parts of this procedure, including any time limits, as appropriate in any case.

Employee Wellbeing

Tandridge Learning Trust is committed to promoting the positive mental, physical and emotional wellbeing of its staff and recognises that enhancing individual wellbeing offers benefits not just to our staff but also to the wider communities within our organisation.

As such, when implementing this policy, consideration will be given to the impact on workload and wellbeing and take appropriate action to monitor, mitigate and support all those involved in its application.

Public Sector Equality Duties

Tandridge Learning Trust is committed to equality, both as an employer and a service provider. We welcome our general duty under the Equality Act 2010 to eliminate discrimination, to advance equality of opportunity and to foster good relations. We will ensure diligence in regard of our specific duties. This policy will be consistently and fairly applied to all stakeholders, with due regard for ensuring no-one experiences less favourable treatment in its application.

Data Protection

This policy sets out how long employment-related and pupil data will normally be held by us and when that information will be confidentially destroyed in compliance with the terms of the UK General Data Protection Regulation (UK GDPR) and the Freedom of Information Act 2000.

Data will be stored and processed to allow for the efficient operation of the Trust. The Trust's Data Protection Policy outlines its duties and obligations under the UK GDPR.

Retention Schedule

Information (hard copy and electronic) will be retained for at least the period specified in the attached retention schedule. When managing records, school's will adhere to the standard retention times listed within that schedule.

Paper and electronic records will be regularly monitored by managers and key data holders in schools and the Trust, with support from IT.

Data Retention Policy

The retention schedule is a relatively lengthy document listing the many types of records used by schools and the Trust, and the applicable retention periods for each record type. The retention periods are based on business needs and legal requirements.

Destruction of Records

Where records have been identified for destruction they should be disposed of in an appropriate way. All information must be reviewed before destruction to determine whether there are special factors that mean destruction should be delayed, such as potential litigation, complaints or grievances.

All paper records containing personal information, or sensitive policy information should be shredded before disposal where possible. All other paper records should be disposed of by an appropriate waste paper merchant. All electronic information should be deleted.

The Trust and schools need to maintain a list of records which have been destroyed, why they have been destroyed and who authorised their destruction. When destroying documents and electronic data, the appropriate staff member should record in this list at least: -

- File reference (or other unique identifier)
- File title/description
- Number of files
- Name of the authorising Officer
- Date destroyed or deleted from system
- Person(s) who undertook destruction

Record Keeping of Safeguarding

Any allegations that are found to be malicious must not be part of the personnel records.

For all other allegations, the school must keep a comprehensive summary of the allegation made, details of how the investigation was undertaken and resolved and any decisions reached. This should be kept on the personnel files of the accused.

Any allegations made of sexual abuse should be preserved by the school for the term of an inquiry by the Independent Inquiry into Child Sexual Abuse. All other records (for example, the personnel file of the accused) should be retained until the accused has reached normal pension age or for a period of 10 years from the date of the allegation if that is longer. Guidance from the Independent Inquiry Child Sexual Abuse states that prolonged retention of personal data at the request of an Inquiry would not contravene data protection regulation, provided the information is restricted to that necessary to fulfil potential legal duties that a School may have in relation to an Inquiry.

Whilst the Independent Inquiry into Child Sexual Abuse is ongoing, it is an offence to destroy any records relating to it. At the conclusion of the Inquiry, it is likely that an indication regarding the appropriate retention periods of the records will be provided.

Archiving

Where records have been identified as being worthy of preservation over the longer term, arrangements should be made to transfer the records to archives both on site and off site. For those records held off site, a database is maintained by the archive provider and monitored internally by managers and key data holders. For archived files on site, the appropriate staff member, should record the following information: -

- File reference (or another unique identifier)
- File title/description
- Number of files
- Name of the authorising officer

Transferring Information to Other Media

Where lengthy retention periods have been allocated to records, members of staff may wish to consider converting paper records to other media such as digital media or virtual storage centres (such as cloud storage). The lifespan of the media and the ability to migrate data where necessary should always be considered.

Transferring Information to Another School

We retain the Pupil's educational record whilst the child remains at the school. Once a pupil leaves the school, the file should be sent to their next school. The responsibility for retention then shifts to the next school. We retain the file for a year following transfer in case any issues arise as a result of the transfer.

We may delay destruction for a further period where there are special factors such as potential litigation.

Responsibility and Monitoring

The Trust Network Manager and Facilities and Operations Manager have joint overview in the day-to-day responsibility for implementing this Policy. The Data Protection Officer, in conjunction with the Trust is responsible for monitoring its use and effectiveness and dealing with any queries on its interpretation. The Data Protection Officer will consider the suitability and adequacy of this policy and report improvements directly to management.

Internal control systems and procedures will be subject to regular audits to provide assurance that they are effective in creating, maintaining and removing records.

Management at all levels are responsible for ensuring those reporting to them are made aware of and understand this Policy and are given adequate and regular training on it.

Emails

Email accounts are not a case management tool in itself. Generally, emails may need to fall under different retention periods (for example, an email regarding a health and safety report will be subject to a different time frame to an email which forms part of a pupil record). It is important to note that the retention period will depend on the content of the email and it is important that staff file those emails in the relevant areas to avoid the data becoming lost.

Pupil Records

The Trust is aware that all schools, are under a duty to maintain a pupil record for each pupil. Early Years will have their own separate record keeping requirements. If a child changes schools, the responsibility for maintaining the pupil record moves to the next school. The file is retained for a year following transfer in case any issues arise as a result of the transfer.

Retention Schedule

FILE DESCRIPTION	RETENTION PERIOD
Employment Records	
Job applications and interview records of unsuccessful candidates	Six months after notifying unsuccessful candidates, unless the school has applicants' consent to keep their CVs for future reference. In this case, application forms will give applicants the opportunity to object to their details being retained
Job applications and interview records of successful candidates	6 years after employment ceases
Written particulars of employment, contracts of employment and changes to terms and conditions	6 years after employment ceases
